Customer service is an essential part of the quality process and to ensure this is fulfilled, all employees receive training to ensure awareness and understanding of quality and its impact on customer service. It is expected that all employees adhere to the quality system and understand that they have a responsibility for its maintenance and smooth operation.

To ensure the company maintains its awareness for continuous improvement, the quality system is regularly reviewed by "Top Management" to ensure it remains appropriate and suitable to our business. The Quality System is subject to both internal and external annual audits.
